PROPOSED BYLAWS REVISION...by Gloria Bonali

At the Midyear meeting in Las Vegas last August, the proposal was made to the Executive Committee that the current Bylaws be revised. Carlos Higgins, chair of the Bylaws Committee, and members of the Executive Committee were given copies of the proposed Bylaws revision at that time. Members of the Executive Committee were asked to review the proposed Bylaws revision and submit comments. Several Executive Committee members did recommend some wording changes, some phrase deletions, and some additional comments to clarify some sections.

On November 4, 2006, in a telephone conference call, the Executive Committee members further discussed the proposed Bylaws revision. Again, some members offered suggestions for clarification and additions. The Executive Committee agreed to arrange another conference call for further discussion of the proposed Bylaws revision.

Members of the Executive Committee and the Bylaws Committee were sent clean copies of the proposed revision, which included the agreed-upon additions, deletions, and clarifications so that all could be reviewed again before the next conference call scheduled for December 2. After further discussion at the December 2 conference call, the Executive Committee voted, by majority vote, to forward the proposed Bylaws revision to the membership for consideration at the 2007 Annual Session.

Each NSHC member received a copy of the proposed Bylaws revision in the registration packet sent by Outsources for the 2007 Annual Session. Hopefully, this proposed Bylaws revision presents a clear, readable, and useful document to clarify the actual workings of the NSHC. At the annual membership business meeting, during the 2007 Annual Session, the NSHC members will be afforded the opportunity to vote on the proposed Bylaws revision.

NSHC website — www.natlshc.org...by Pat Porter

By now, I am sure you have had a chance to look at our NSHC website; if not, please take a look. A website is a work in progress as content has to change depending on the organization and its activities. Our front page will be changing soon to announce the Annual Session in February. After the session, our resolutions will be added for use by our members in advocating with members of the US Congress.

The “Members” section can be accessed by using the password, ***silvermember***. Changes in state chairs or regional chairs will be made, and membership will be updated after the Annual Session.

The October newsletter has already been posted to the website. If you need to see the prior issue, please look on the website. The January newsletter will be posted as soon as it is published.

The calendar can be used by any member to add meetings or events of interest to members. E-mail **p.porter@natlshc.org** with information for the calendar. If it meets criteria, it will be added promptly.

Please take a look at the Resources page which lists many links to other organizations and locations of interest for Seniors. If there are others in your area that need to be added, please e-mail to the address above so that they can be added. The more current the information that we have on this site for persons to use, the better our website will serve.

Any comments or suggestions are welcomed. Thanks for taking a look at your NSHC website.
